

§ 622.17

Updated allocation values will reflect any change in IFQ share, any change in the annual commercial quota for Gulf red snapper, and any debits required as a result of prior fishing year overages as specified in paragraph (c)(1)(ii) of this section. IFQ participants can monitor the status of their shares and allocation throughout the year via the IFQ website.

[71 FR 67459, Nov. 22, 2006, as amended at 72 FR 73274, Dec. 27, 2007; 73 FR 410, Jan. 3, 2008]

§ 622.17 South Atlantic golden crab controlled access.

(a) *General.* In accordance with the procedures specified in the Fishery Management Plan for the Golden Crab Fishery of the South Atlantic Region, initial commercial vessel permits have been issued for the fishery. All permits in the fishery are issued on a fishing-year (calendar-year) basis. No additional permits may be issued except for the northern zone as follows:

(1) The RA will issue up to two new vessel permits for the northern zone. Selection will be made from the list of historical participants in the South Atlantic golden crab fishery. Such list was used at the October 1995 meeting of the South Atlantic Fishery Management Council and was prioritized based on pounds of golden crab landed, without reference to a specific zone. Individuals on the list who originally received permits will be deleted from the list.

(2) The RA will offer in writing an opportunity to apply for a permit for the northern zone to the individuals highest on the list until two individuals accept and apply in a timely manner. An offer that is not accepted within 30 days after it is received will no longer be valid.

(3) An application for a permit from an individual who accepts the RA's offer must be received by the RA no later than 30 days after the date of the individual's acceptance. Application forms are available from the RA.

(4) A vessel permit for the northern zone issued under paragraph (a)(1) of this section, and any successor permit, may not be changed to another zone. A successor permit includes a permit issued to that vessel for a subsequent

50 CFR Ch. VI (10–1–08 Edition)

owner and a permit issued via transfer from that vessel to another vessel.

(b) *Fishing zones*—(1) *Designation of fishing zones.* The South Atlantic EEZ is divided into three fishing zones for golden crab as follows:

(i) Northern zone—the South Atlantic EEZ north of 28° N. lat.

(ii) Middle zone—the South Atlantic EEZ from 28° N. lat. to 25° N. lat.

(iii) Southern zone—the South Atlantic EEZ south of 25° N. lat.

(2) *Authorization to fish in zones.* Each vessel permit indicates one of the zones specified in paragraph (b)(1) of this section. A vessel with a permit to fish for golden crab in the northern zone or the middle zone may fish only in that zone. A vessel with a documented length overall greater than 65 ft (19.8 m) with a permit to fish for golden crab in the southern zone may fish in that zone, consistent with the provisions of paragraph (b)(3) of this section. A vessel may possess golden crab only in a zone in which it is authorized to fish, except that other zones may be transited if the vessel notifies NMFS Office for Law Enforcement, Southeast Region, St. Petersburg, FL, by telephone (727–824–5344) in advance and does not fish in a zone in which it is not authorized to fish.

(3) *Small-vessel sub-zone.* Within the southern zone, a small-vessel sub-zone is established bounded on the north by 24°15' N. lat., on the south by 24°07' N. lat., on the east by 81°22' W. long., and on the west by 81°56' W. long. No vessel with a documented length overall greater than 65 ft (19.8 m) may fish for golden crab in this sub-zone, and a vessel with a documented length overall of 65 ft (19.8 m) or less that is permitted for the southern zone may fish for golden crab only in this sub-zone.

(4) *Procedure for changing zones.* (i) Upon request from an owner of a permitted vessel, the RA will change the zone specified on a permit from the middle or southern zone to the northern zone. No other changes in the zone specified on a permit are allowed, except as specified in paragraph (b)(4)(ii) of this section. An owner of a permitted vessel who desires a change to the northern zone must submit his/her request with the existing permit to the RA.

(ii) [Reserved]

(c) *Transferring permits between vessels*—(1) *Procedure for transferring.* An owner of a vessel who desires a golden crab permit may request that NMFS transfer an existing permit or permits to his or her vessel by returning an existing permit or permits to the RA with an application for a permit for the replacement vessel.

(2) *Vessel size limitations on transferring.* (i) To obtain a permit for the middle or southern zone via transfer, the documented length overall of the replacement vessel may not exceed the documented length overall, or aggregate documented lengths overall, of the replaced vessel(s) by more than 20 percent. The owner of a vessel permitted for the middle or southern zone who has requested that NMFS transfer that permit to a smaller vessel (i.e., downsized) may subsequently request NMFS transfer that permit to a vessel of a length calculated from the length of the permitted vessel immediately prior to downsizing.

(ii) There are no vessel size limitations to obtain a permit for the northern zone via transfer.

(d) *Permit renewal.* NMFS will not renew a commercial vessel permit for South Atlantic golden crab if the permit is revoked or if the RA does not receive a required application for renewal within 6 months after the permit's expiration. See § 622.4(h) for the applicable general procedures and requirements for permit renewals.

[67 FR 22361, May 3, 2002, as amended at 70 FR 73388, Dec. 12, 2005; 73 FR 410, Jan. 3, 2008]

§ 622.18 South Atlantic snapper-grouper limited access.

(a) *General.* The only valid commercial vessel permits for South Atlantic snapper-grouper are those that have been issued under the limited access criteria specified in the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region. A commercial vessel permit for South Atlantic snapper-grouper is either a transferable commercial permit or a trip-limited commercial permit.

(b) *Transfers of permits.* A snapper-grouper limited access permit is valid only for the vessel and owner named on the permit. To change either the vessel

or the owner, an application for transfer must be submitted to the RA.

(1) *Transferable permits.* (i) An owner of a vessel with a transferable permit may request that the RA transfer the permit to another vessel owned by the same entity.

(ii) A transferable permit may be transferred upon a change of ownership of a permitted vessel with such permit from one to another of the following: husband, wife, son, daughter, brother, sister, mother, or father.

(iii) Except as provided in paragraphs (b)(1)(i) and (ii) of this section, a person desiring to acquire a limited access, transferable permit for South Atlantic snapper-grouper must obtain and exchange two such permits for one new permit.

(iv) A transfer of a permit that is undertaken under paragraph (b)(1)(ii) of this section will constitute a transfer of the vessel's entire catch history to the new owner.

(2) *Trip-limited permits.* An owner of a vessel with a trip-limited permit may request that the RA transfer the permit to another vessel owned by the same entity.

(c) *Renewal.* NMFS will not reissue a commercial vessel permit for South Atlantic snapper-grouper if the permit is revoked or if the RA does not receive an application for renewal within 60 days of the permit's expiration date.

[70 FR 73388, Dec. 12, 2005]

§ 622.19 South Atlantic rock shrimp limited access.

(a) *Applicability.* For a person aboard a vessel to fish for rock shrimp in the South Atlantic EEZ off Georgia or off Florida or possess rock shrimp in or from the South Atlantic EEZ off Georgia or off Florida, a limited access endorsement for South Atlantic rock shrimp must be issued to the vessel and must be on board.

(b) *Transfer of an endorsement.* A limited access endorsement for South Atlantic rock shrimp is valid only for the vessel and owner named on the permit/endorsement. To change either the vessel or the owner, an application for transfer must be submitted to the RA. An owner of a vessel with an endorsement may request that the RA transfer the endorsement to another vessel
